Organic Midwes Production & Marketing Conference & Trade Show

January 17-18, 2008 • Illini Union on the Campus of the University of Illinois • Urbana, IL

Formerly the Illinois Organic Production Conference, we’ve now expanded! Welcome to the Midwest Organic Production and Marketing Conference and Trade Show—practical, science- and farmer-based information and extensive networking opportunities for anyone interested in organic food and farming.

Keynote Addresses

Thursday, January 17th
Mark Kastel
Cornucopia Institute

Friday, January 18th
Tim LaSalle, CEO
Rodale Institute

Mark Kastel’s dynamic speaking style, combined with the Cornucopia Institute’s reputation as an “organics watchdog”, make him perhaps the most provocative speaker in the country on issues related to agriculture, organics, and small farms.

Tim LaSalle has dedicated much of his career to educating people about organic health and global environmental solutions. He has served in an executive capacity with various nonprofit organizations, including the Environmental Center of San Luis Obispo County and the Allan Savory Center for Holistic Management.

Researcher and farmer presentations on organic…

- crop production
- fruits and vegetables
- livestock
- certification
- marketing
